Campus Developments

Our campus has undergone substantial transformations this year, thanks to the generosity of our donors. We've dedicated resources to enhance our facilities, and the revitalized and modernized spaces now contribute to a more comfortable and pleasant environment for everyone.

To be more specific, we've renovated the school bathrooms, transformed the back of the library into an office for the school counselor and a space for parent meetings, repurposed the upstairs office into a learning lab for children seeking extra help, and given the staff lounge a complete makeover. Additionally, we are thrilled to announce the St. Joseph Statue dedication, a significant addition to our campus. We extend our heartfelt gratitude to each and every person who contributed, making all these improvements possible.

As you plan your next visit to St. Helen Catholic School, we warmly invite you to explore these upgrades and witness firsthand how our commitment to enhancing the overall experience for our students has come to life.
